# Additional Information

## GO INDOORS AND STAY THERE

Close all doors and windows. Close curtains and blinds and shelter in a room on the opposite side of the building to the Spirit Energy Terminals. Keep away from windows to avoid danger from flying glass, and under no circumstances go outside where you could be in danger of being caught in an explosion.

## DO NOT LEAVE THE AREA

Never be tempted to leave the area unless told to do so by the Police. You will be much safer indoors.

## SCHOOL CHILDREN

If your children are at school during an emergency, you will naturally want to collect them as soon as possible; however it may not be safe to do so. They will be looked after as a priority group either at the school or evacuated to a safe place where they will be looked after by the school staff and those responding to the emergency. Please listen to local radio for advice and details of the arrangements that have been made.

## DO NOT TO USE MOBILE PHONES (unless you need urgent help)

In an emergency all telephone systems may become overloaded and this may prevent emergency calls getting through. If you must make a call, please use a landline phone and be brief or send a mobile text message. Please do not make mobile telephone calls.

## TUNE IN TO LOCAL RADIO AND MONITOR SOCIAL MEDIA

The Emergency Services will broadcast information and advice on local radio, including confirmation that the emergency is over.
